

Year Experience

Projects Completed

Excited to take on **new projects** and collaborate
Let's chat about your ideas. **Reach out!**

- 2019-Present: **Fullstack Web Developer | PT. Iterative Technology Indonesia (Remote)**
 - Building a wide range of custom digital solutions, including E-commerce, EdTech, and diverse Enterprise-grade systems.
 - Developing high-concurrency backend services using Golang (gRPC) and Laravel to ensure maximum performance and scalability.
 - Crafting dynamic, responsive user interfaces with React, Next.js, and Tailwind CSS.
 - Translating complex business requirements into robust web applications for various industry sectors.
- 2018-2019: **Video Editor & Designer | PT. Media Utama Televisi Indonesia**
 - Handled professional video editing and visual design for broadcasting needs.
 - Developed a strong foundation in digital creative tools and visual communication.
